PROFESSIONAL SUMMARY

Product Designer with 2 years of experience in end-to-end UX/UI and AI UX across B2B and B2C web and mobile products. Sole designer at Fymble, owning the complete product design lifecycle from UX strategy and user flows to high-fidelity UI, prototyping, and developer handoff. Designed 250+ screens and 20+ product features supporting 20K+ users and 600+ gym partners.

EXPERIENCE

Fymble — Product Designer

Apr 2025 – Present | Bengaluru

- Owned end-to-end UX/UI design for 250+ web and mobile screens across B2B and B2C products.
- Designed fitness marketplace experiences serving 20K+ users across 600+ gym partners.
- Led UX/UI for 20+ product features, including Kyra AI and AI-powered product experiences.
- Designed scalable B2B/B2C workflows across consumer, business, and operational product journeys.
- Partnered with a 5-member development team on design handoff, implementation, responsive UI, interactions, and design QA.

Farmer Near Me — UI/UX Designer

Sep 2024 – Mar 2025 | Remote

- Designed end-to-end UI/UX across 100+ screens for B2B and B2C web and product experiences.
- Designed responsive B2B/B2C websites with intuitive user journeys across key product flows.
- Created user flows, wireframes, high-fidelity UI, and interactive prototypes.
- Collaborated with product and development teams on design handoff and implementation.

SELECTED PROJECTS

Fymble — Multi-Platform Product Ecosystem

Designed UX/UI across B2C, B2B, and BDM applications for web and mobile.
Designed B2C/B2B websites and Admin Panel supporting consumer, business, and operational workflows.
